RE: Waukegan National Airport - Waukegan, Illinois
Environmental Assessment for the Replacement Runway 5-23 Program
Program Notification Letter

Dear First Name/Last Name or Title:

The Waukegan Port District, owner, and Sponsor of the Waukegan National Airport (UGN), is proposing to construct various airfield and landside improvement projects over the next several years, as depicted on Attachment 1. An Environmental Assessment (EA) is being prepared to evaluate the potential impacts of the proposed development in compliance with National Environmental Policy Act and other laws and regulations.

The purpose of this letter is to notify you of this project and its forthcoming EA. We are notifying you as part of the requirements of the National Environmental Policy Act (NEPA). We anticipate coordinating with your office as the EA progresses, particularly with respect to resources under your agency's jurisdiction and/or expertise. As a part of the early coordination process, we are seeking any comments on potential environmental concerns with the proposed improvements at UGN that should be addressed as a part of the EA.

If you have any questions regarding the program, please contact Mr. Craig Loudon of CMT at clouden@cmtengr.com. Thank you for your participation.

Sincerely,

Amy B. Hanson
Environmental Protection Specialist
Chicago Airports District Office
